# Elgin Area

- The city of Elgin was created by the Houston and Texas Central Railroad in 1872.
- Elgin is on US 290 which is a direct route connecting Austin to Houston.
- Over the past 5 years Elgin has been experiencing much more rapid population growth than it had in previous years. The addition of an Austin Community College campus, a Walmart Supercenter, along with Elgin's proximity to toll road 130 and direct access to the city of Austin on US 290, have made Elgin a highly sought-after Austin suburb.
- There are a number of new and existing residential communities on and near County Line Road experiencing growth, such as Lone Willow, Saratoga Farms and Frontier Crossing.
- Elgin is located approximately:
  - o 11 miles east of Austin
  - o 125 miles west of Houston
  - o 90 miles northeast of San Antonio
  - o 180 miles south of Dallas
- School Enrollment within 1 mile of the subject property:

o Elgin High School 1,299 students

o Elgin Middle School 926 students

o Austin Community College 1,500 Students

# Austin, Texas

#### **DEMOGRAPHICS**

Austin has experienced steady population and economic growth over the past two decades. The total population of the Austin-Round Rock-San Marcos Core Based Statistical Area (CBSA), as of 2018 estimates, is 2,163,711 with 969,733 of that within the city of Austin, itself. Growth within the Austin-Round Rock-San Marcos CBSA has

been strong, with a net gain of 913,948 residents since 2000, and an additional 309,746 residents are anticipated through 2023.

#### **ECONOMY**

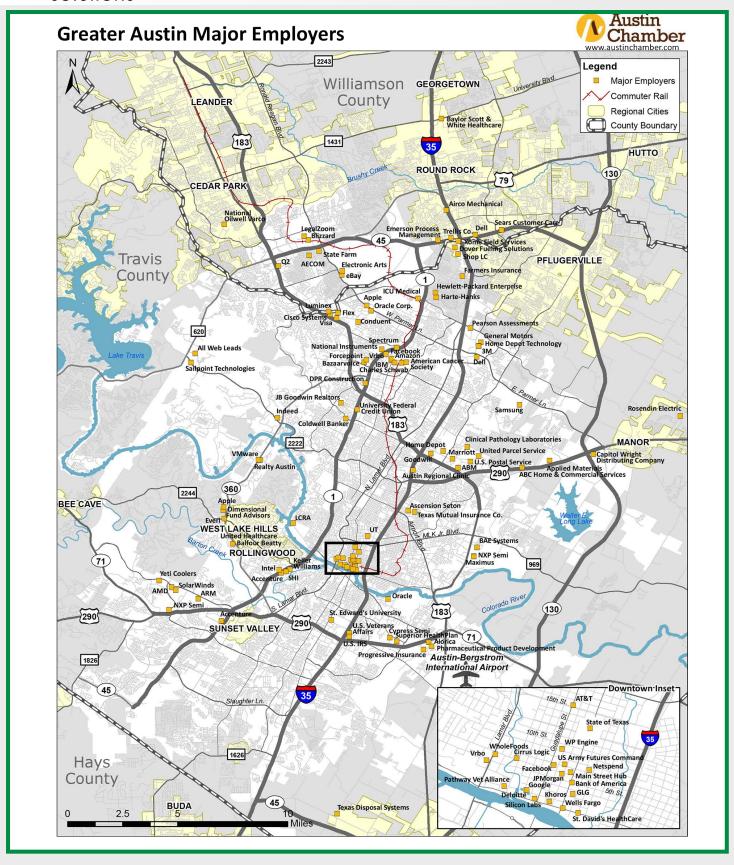

The Austin-Round Rock CBSA is known as an attractive alternative to high-priced areas like California's Silicon Valley, and has attracted the attention of many large hi-tech companies that continue to contribute to Austin's tremendous growth. Some examples include the future Apple campus expansion

and other hi-tech companies including Dell, HP, IBM, Cisco Systems, Xerox, Oracle, Intel, Google, and 3M.

Austin directly benefits from the fact that the State of Texas has no personal or corporate income tax. Overall, the state has one of the lowest state and local tax burdens in the nation, ranking 47th in taxes paid per \$1,000 of personal income.

## **Information About Brokerage Services**

Texas law requires all real estate license holders to give the following information about brokerage services to prospective buyers, tenants, sellers and landlords.

#### **TYPES OF REAL ESTATE LICENSE HOLDERS:**

- A BROKER is responsible for all brokerage activities, including acts performed by sales agents sponsored by the broker.
- A SALES AGENT must be sponsored by a broker and works with clients on behalf of the broker.

#### A BROKER'S MINIMUM DUTIES REQUIRED BY LAW (A client is the person or party that the broker represents):

- Put the interests of the client above all others, including the broker's own interests;
- Inform the client of any material information about the property or transaction received by the broker;
- · Answer the client's questions and present any offer to or counter-offer from the client; and
- Treat all parties to a real estate transaction honestly and fairly.

#### A LICENSE HOLDER CAN REPRESENT A PARTY IN A REAL ESTATE TRANSACTION:

AS AGENT FOR OWNER (SELLER/LANDLORD): The broker becomes the property owner's agent through an agreement with the owner, usually in a written listing to sell or property management agreement. An owner's agent must perform the broker's minimum duties above and must inform the owner of any material information about the property or transaction known by the agent, including information disclosed to the agent or subagent by the buyer or buyer's agent.

**AS AGENT FOR BUYER/TENANT:** The broker becomes the buyer/tenant's agent by agreeing to represent the buyer, usually through a written representation agreement. A buyer's agent must perform the broker's minimum duties above and must inform the buyer of any material information about the property or transaction known by the agent, including information disclosed to the agent by the seller or seller's agent.

**AS AGENT FOR BOTH - INTERMEDIARY:** To act as an intermediary between the parties the broker must first obtain the written agreement of *each party* to the transaction. The written agreement must state who will pay the broker and, in conspicuous bold or underlined print, set forth the broker's obligations as an intermediary. A broker who acts as an intermediary:

- Must treat all parties to the transaction impartially and fairly;
- May, with the parties' written consent, appoint a different license holder associated with the broker to each party (owner and buyer) to communicate with, provide opinions and advice to, and carry out the instructions of each party to the transaction.
- Must not, unless specifically authorized in writing to do so by the party, disclose:
  - o that the owner will accept a price less than the written asking price;
  - o that the buyer/tenant will pay a price greater than the price submitted in a written offer; and
  - o any confidential information or any other information that a party specifically instructs the broker in writing not to disclose, unless required to do so by law.

**AS SUBAGENT:** A license holder acts as a subagent when aiding a buyer in a transaction without an agreement to represent the buyer. A subagent can assist the buyer but does not represent the buyer and must place the interests of the owner first.

#### TO AVOID DISPUTES, ALL AGREEMENTS BETWEEN YOU AND A BROKER SHOULD BE IN WRITING AND CLEARLY ESTABLISH:

- The broker's duties and responsibilities to you, and your obligations under the representation agreement.
- Who will pay the broker for services provided to you, when payment will be made and how the payment will be calculated.

**LICENSE HOLDER CONTACT INFORMATION:** This notice is being provided for information purposes. It does not create an obligation for you to use the broker's services. Please acknowledge receipt of this notice below and retain a copy for your records.
