CedarView Development to Transform Cedar Park into a Premier Destination

A major milestone is underway in Cedar Park as the highly anticipated CedarView development continues construction. Spanning 118 acres, the project is anchored by Nebraska Furniture Mart (NFM) and will include a 1.2 million-square-foot furniture store, a 250-room luxury hotel, a city-owned convention center, and additional retail and warehouse space. North Dakota-based sporting goods retailer Scheels will also debut in the area with a massive 240,000-square-foot store featuring entertainment attractions, a Ferris wheel, and an aquarium. The first phases are expected to open in late 2026 and early 2027.

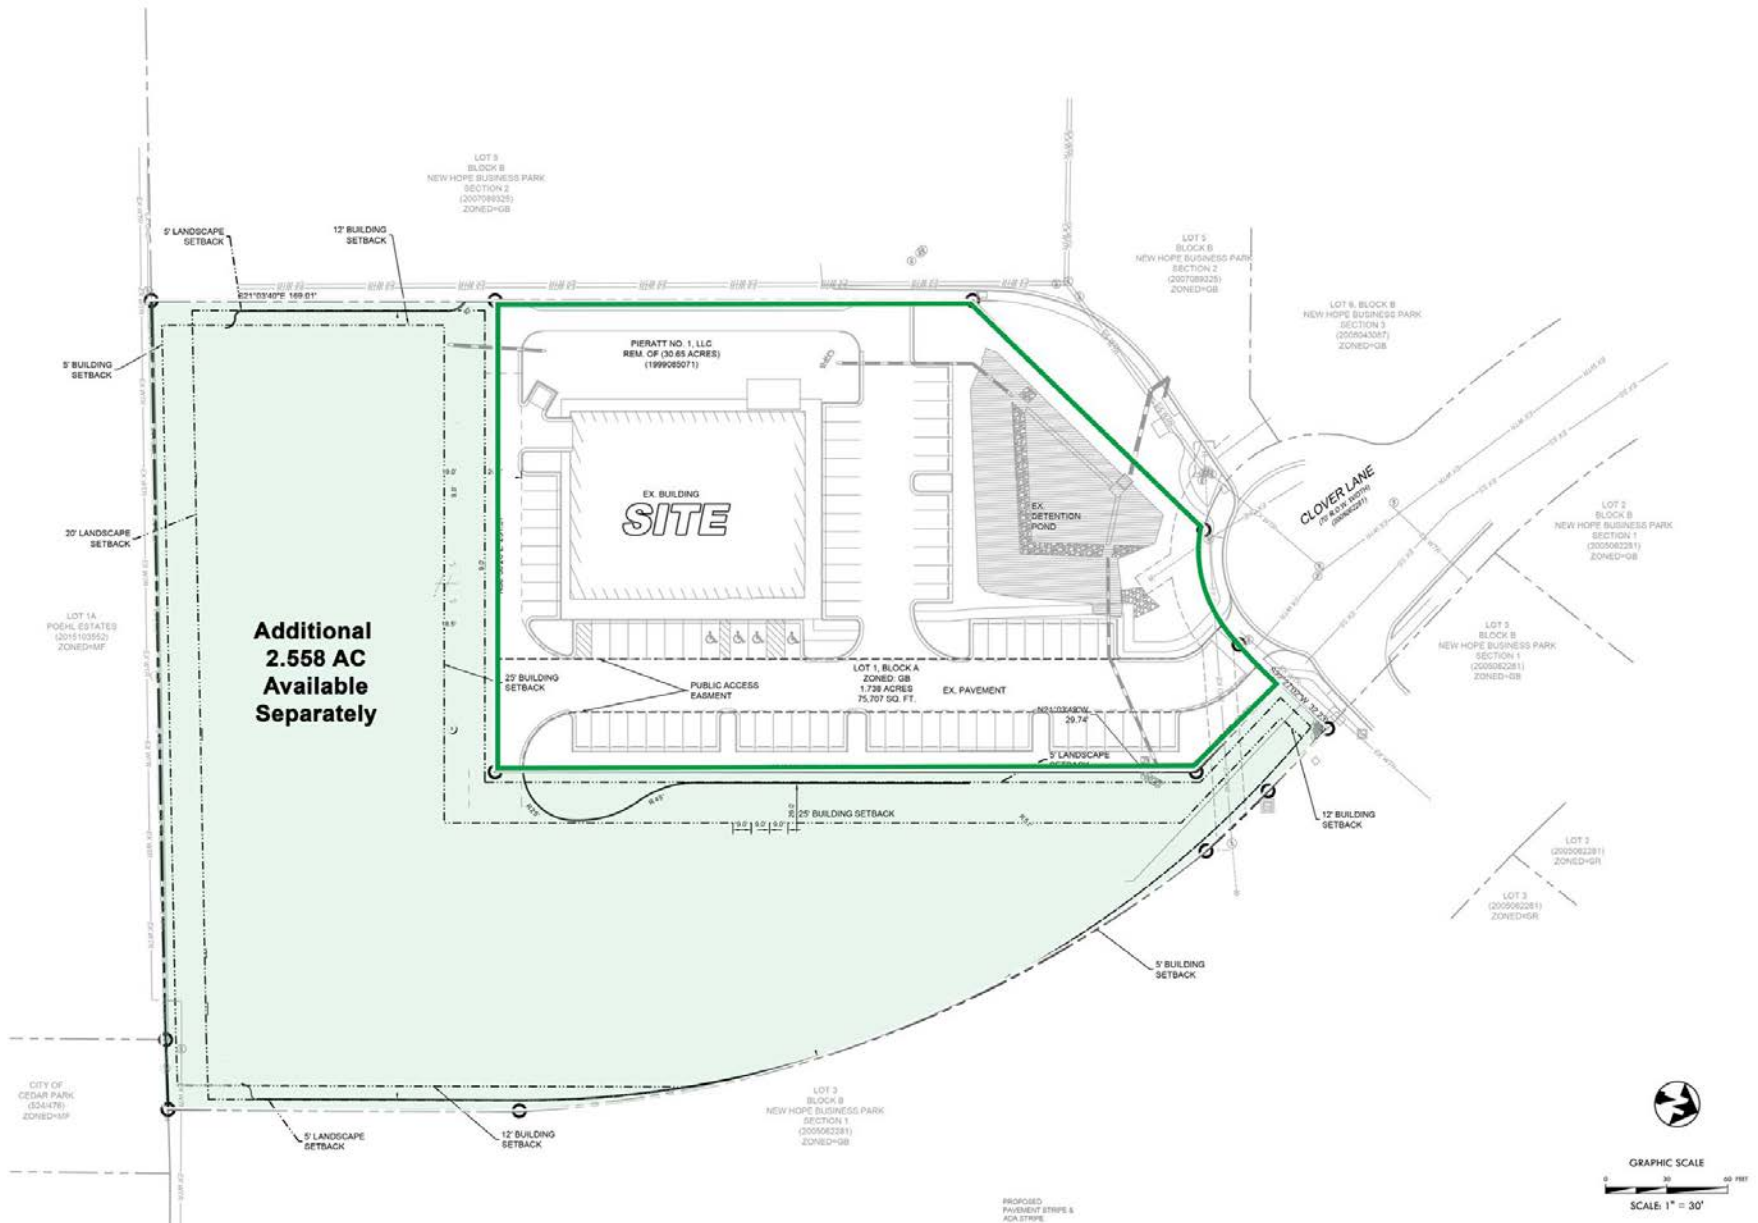

Backed by a development agreement with the city, CedarView is projected to generate \$435 million in new tax revenue over 25 years, creating hundreds of jobs and attracting significant tourism. The city has committed \$45 million in performance-based incentives, requiring the developer to invest \$400 million and complete major infrastructure improvements before opening. Cedar Park officials believe the project—alongside the nearby H-E-B Center—will establish the city as a regional hub for commerce and entertainment.

With its large-scale commercial footprint and mix of retail, hospitality, and recreation, CedarView is expected to reshape Cedar Park's economic landscape. The development will not only offer new shopping and dining experiences but also provide career opportunities across various sectors, from retail and design to hospitality and event management. As construction progresses, Cedar Park continues its trajectory as one of the fastest-growing suburban hubs in Central Texas.
